PLANS WORK FOR HAWAII

True Gives Idea of
 Agricultural Bureau.

WHAT EXPERIMENT
 STATION IS FOR

Jared Smith Receives Words of
 Encouragement From Head
 of Experiment Stations.

DIRECTOR JARED SMITH received a letter by the Sheridan's mail from A. C. True, director of Experiment Stations at Washington, outlining the work to be done in Hawaii, and complimenting the results already accomplished through the efforts of Mr. Smith. Director True is opposed to permanent sub-stations in other parts of the Islands, but writes that the Department is willing to co-operate with private individuals as long as the work remains in the control of the Department, and does not involve too large an expenditure of government funds.

Director True is still hopeful of securing the increased appropriation of \$15,000 for this year, and Mr. Smith is directed to submit plans for the year's work on that basis, and also on the \$12,000 basis.

Attention is directed particularly to experiments with coffee and tobacco, and the letter, which contains much information of value, is reproduced here-with in full:

United States Department of Agriculture, Office of Experiment Stations, Washington, D. C. March 27, 1902.
 Mr. Jared G. Smith, Honolulu, H. T.
 Dear Sir:—I have received your letter of March 7, regarding co-operative experiments in tobacco culture in the

Kona district on the island of Hawaii, and with coffee on the plantation of the Louissou brothers in the Hamakua dis-

CITY'S BEST YOUNG MEN ENDORSE THE BOYS' BRIGADE FIELD DAY WHICH OCCURS TOMORROW

KAPOLANI PARK race course and field have been put in trim and everything is in readiness for tomorrow's big field day for the benefit of the Boys' Brigade athletic grounds. The executive committee has completed its preparations and all that remains now is for the people of the city to buy tickets and attend en masse. In order that everybody will have an opportunity to go to the park the business houses have practically all promised to close at 1 o'clock, so that their employes can go out early. Most of the athletic clubs which agreed at the outset to go into the competitions will have representatives in readiness for the various events.

The committee has decided to erect a small platform just in front of the band stand for the use of the Princess Kawanakoa, who is to crown the victors. Kappelmeister Berger and the Government band will be stationed near

by. High Sheriff Brown will have a large force of mounted patrolmen present so that the track and field can be kept absolutely clear of people who have no business there.

Young business men of the city support the field day and urge that the games be well attended. Among the expressions given in favor of the movement are the following:

I regard the work of the Boys' Brigade as one of the most useful and benevolent enterprises in Honolulu today, and believe that its endeavor now to secure a modern and thoroughly equipped playground at Kauluwela should meet the hearty support of every citizen.

W. W. HARRIS.

There can be no question that good, clean sport, conducted in a gentlemanly way, would do a great deal for the boys and young men of our town. The athletic contest at Kapiolani Park Saturday afternoon I believe tends in this direction, and I shall, therefore, hope

to see a big crowd present and a large sale of tickets for that occasion.

ROBERT W. SHINGLE.

The fact that Hawaiian boys have always made good records in the Eastern colleges in athletic sports should encourage us to go more thoroughly and systematically into athletic work here in Honolulu. There is no reason why in athletic sports Honolulu should not equal or surpass any city of its size in the world. I intend to go to the Saturday afternoon games and support them by my presence, and hope everyone in Honolulu will follow my example.

JNO. H. SOPER.

The large number of entries, together with the thorough training of the individual athletes, and the enthusiasm of the different clubs in their contest for the cup, should make the Saturday afternoon meet, in my opinion, unusually interesting.

A. M. BROWN.

The McKinley Memorial polo game was an unqualified success for one reason, because there were no wrangles or disputes, but from beginning to end it

was a gentlemanly contest. Every athletic event conducted in the same spirit will strengthen the appreciation of Honolulu people for athletic sports. I believe the Saturday afternoon games will be an important step in the direction of clean, honest and up-to-date sportsmanship. I shall be present.

J. P. COOKE.

I have always enjoyed athletic sports and look forward with pleasure to Saturday's contest. I shall certainly go.

HARRY O. ARMITAGE.

There is nothing prettier than the pole vault properly done, or more exciting than the finish of a 100-yard dash. I believe that under the management of Jas. L. Torbert the events will be pushed through with promptness and success.

J. O. CARTER, JR.

Saturday's athletic meet promises to be one of the best ever held in Honolulu. With ninety entries and five competing clubs, there should be keen competition for the cup. I shall attend.

E. A. MOTT-SMITH.

CASE SUBMITTED

Trial of Howe Label Ended—Father Valentin a Citizen

The case of the schooner Frank Howe was submitted to Judge Estee yesterday, after arguments by J. J. Dunne and W. A. Kinney for the complainants and the defendant respectively. Mr. Dunne will file a written brief in answer to Mr. Kinney's argument, and the court will probably give a decision some time next week.

Father Valentin was made a citizen of the United States by Judge Estee yesterday. He was a former subject of King Leopold of Belgium, to whom he swore allegiance. Yesterday was also the good father's birthday anniversary, and he was remembered with gifts of flowers and flags.
